SKILLS

Agile (Scrum), Marketing, Data Analysis, Business Development, Team Management, Leadership, Research

TOOLS

Javascript, React, node.js, Postgres, HTML, CSS, Trello

EXPERIENCE

Creative Engineer - Engine Group, London

2019

Part of the creative technology team. I architect solutions for clients from all sectors. I prototype and build various projects, from lenticular stickers in JS to chatbots and voice bots in Python and SPAs in React.

Engineering Bootcamp - Makers Academy, London

2018 - 2019

Europe's most selective coding program.

Learning how to build and deploy applications within agile teams. Multiple projects built.

Recruitment Consultant, Nigel Frank International, London

2018

BDD and delivered into companies including pwc, Lufthansa, Commerzbank.

Independent Consultant, London

2017 - 2018

Acted as first POC for issues ranging from international tax delivery solutions to technology decisions. Mainly in the hospitality and FMCG space.

Program Manager, WDH Consulting, Zurich, Switzerland

2017

Analyzed cases, planned strategic expeditions and facilitated workshops for Fortune 100 companies, including executive boards at Belfius, Siemens, Carrefour, Schneider Electric.

Director of Strategy, ITCSNY, NYC, USA

2016 - 2017

Analyzed status quo, formulated and executed new marketing strategy, including digital and social media. Sandboxed and implemented new communication tools and employee retention schemes. Sparring with management board to create future vision.
